

Lush Life Music

Big Band Music from the Web

Congratulations! If you are viewing this PDF document in your web browser then your system configuration will allow you to make the most of this site.

When you browse to any of our Big Band arrangements, you will see that each one gives you the option of downloading a sample of the score, normally the first four pages. Clicking on the download will launch your PDF viewer, and the Score will appear in your browser window, just like this page. You can print it out, save it to disk, etc. Right clicking on the download will allow you to save it to disk, for viewing later.

You can also download a sample MP3 or Midi file and play it at your convenience. The quality of what you hear will naturally depend on the capabilities of your sound card, and these midi files are just meant to give you an idea of how the finished arrangement will sound.

The purpose of the sample scores is to allow you to judge whether you wish to purchase the whole arrangement, via our on-line ordering system

To check the look and feel of our charts we offer a free chart, "**Nou's Blue**", in PDF format. It's on the **Free Stuff** page. Feel free to play or perform this chart. If you wish to re-arrange it or record it you will of course need our consent first.

To close this message, simply click the '**Back**' or '**Previous Page**' button on your browser.

Thank you for visiting our site. Happy shopping and happy blowing!
